## **REASONS FOR ALLOWANCE**

1. This is an Examiner's statement of reasons for allowance. The closest prior art
Ogasawaga U.S. Pat. No. 6,386,450 discloses an electronic personal shopping system,
communicating between a store computer and a mobile terminal, for organizing a
consumer's movement through a retail facility in accordance with the consumer's
current location.

JP02002152807A; Nihei Shiro discloses a peripheral mobile station supervisory device that can acquire positions of mobile stations moving around itself with a high efficiency. However, neither Ogasawaga nor Nihei singularly or in combination fail to anticipate or render obvious the recited feature:

As per claims 1, 18, 27, 33, and 39 " forwarding at least part of the received demographic information about the user of the at least one mobile device to an advertising server, receiving commercial messages from the advertising server, the received commercial messages being selected based on a comparison between the forwarded demographic information of each of the users provided with the access to the global communication data network through the LAN and commercial advertising content at the advertising server, and displaying the received commercial messages on at least one display at the LAN location for viewing by all persons at said LAN location including the users provided with the access to the global communication data network through the LAN and other persons not accessing the global communication data network".
